

Heart Wreath Quilt Supplies

Quilt is approx.. 64" x 75"

(20) ¼ yd each of different heart fabrics. Such as red with hearts etc.

(20) ¼ yd each of different heart backgrounds, (Choose low volume prints in ecru, white, light pink or perhaps black and white. If you choose black and white make sure that the print is not too "contrasty" as it will compete too much with your heart fabric

Border Print. I chose a Valentine style print and had approx. 5 yds. It was a directional print so I needed the extra yardage so that I could cut the fabric first crosswise for the top borders and then have enough to cut the lengthwise borders for the sides of the quilt. If you want to just cut fabric crosswise and seam together than 3 yds will probably do. My borders are 8" wide.

Sewing machine with new needle and regular sewing supplies. Please bring a cutting mat and a rotary cutter and a ruler that had the 45 degree lines printed on it.
